**ENGINEERED
STAIR NOSING**

ENGINEERED STAIR NOSING

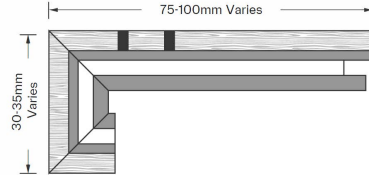

Artimber are a supplier of custom stair nosing options. Manufactured in colours to complement our flooring ranges. We can achieve cantilevered floating, spiral, U-shape, partially open or fully enclosed staircases. We can work with you to achieve your design intent. Our mitred stair nosing can be supplied with metal detailing or any other design feature that you want to create. Contact one of our consultants to discuss your next project.

Artimber stair nose detail options:

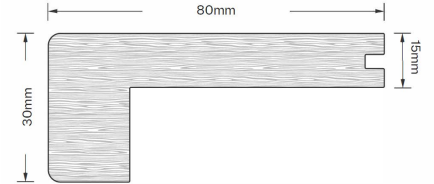

Corner Detail:

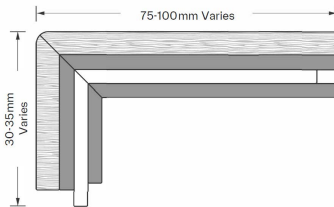

Flush mitre with metal trim

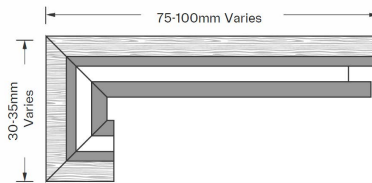

Overhung return mitre with metal tactile indicator

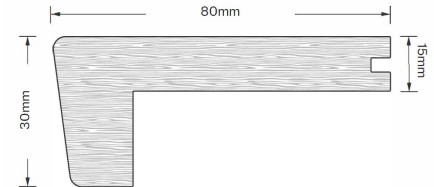

Square edge soild

Flush mitre

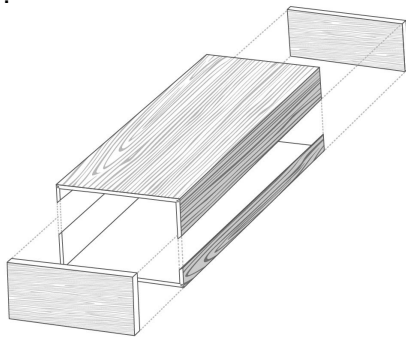

Overhung return mitre

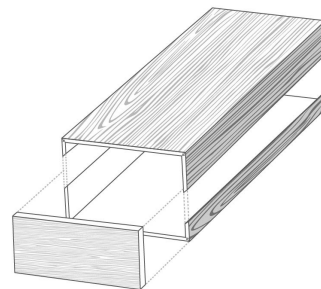

Bull nose edge soild

Box Detail:

Mitred L-shape
double sided

Mitred L-shape
single sided

To specify our mitred stair nosing, please nominate "Custom stair nosing by Artimber" and the contact details of the representative you are working with in your Finishes schedule.

Remember to note your preference for:

1. The corner detail:
Flush mitre with metal trim / Overhung return mitre with metal tactile indicator / Square edge soild /
Flush mitre / Overhung return mitre / Bull nose edge soild
2. The box detail:
Mitred L-shape double sided / Mitred L-shape single sided

This will identify the style of staircase you wish to proceed with.

For further customisation please contact the office on:

Ph. 1300 031 113 to speak with one of our experts.
